Torfaen Play Sufficiency Assessment Action Plan

Great Places to Play

Work with partners to improve the play value of parks, open spaces and local neighbourhoods.

Work with communities to keep local play spaces clean, safe and welcoming.

Support communities to develop more natural, adventurous and playful environments.

Work with residents and partners to promote the Playing Out initiative and explore opportunities for community-led street play and temporary road closures.

Continue embedding play within planning, place-making and future developments across Torfaen.

Involve children and young people in future improvements to local play spaces.

Encourage active travel through play initiatives.

Work with partners to maintain and improve parks and play areas across Torfaen.

Offer Play in the Park, Pop-Up and Play and outreach play sessions.

Work with partners to create and enhance outdoor play spaces.

Support safer routes to play spaces.

Deliver holiday play opportunities including Food and Fun programmes.

Deliver play projects within schools throughout the year.

Play in Schools

Work with schools to increase community access to play and recreational facilities outside school hours.

Increase opportunities for communities to use schools as local hubs for play and recreation.

Provide play awareness training for school staff.

Support schools to ensure play is an important part of the school day.

Continue strengthening links between schools, families and community-based play opportunities.
